====[Gameplay Mechanics]====

Rectangle attack

Balanced ship: This ship is an in-between of the offensive and defensive type ship. It can also be considered a jack-of-all-trades ship.

====[How To Play]====

Player Movement: The player can move up, down, left, and right. The speed of this movement is based on the Ship Type.

W key: Press "W" to move up.

A key: Press "A" to move left.

S key: Press "S" to move down.

D key: Press "D" to move right.

Shooting Projectiles: The player is limited to a certain amount of bullets on the screen at a time depending on their ship type.

Space key: Press "SPACE" to shoot a bullet.
